Connect a personal Windows computer to the UConn network

THIS ALLOWS STAFF TO ACCESS THEIR NETWORK FILES

Instructions:

1. Login to your Windows computer and make sure you are connected to the internet.
2. If you have already installed and configured Pulse Secure click on the Connect button next to UConnVPN (sslvpn.uconn.edu). If you haven't done so, please continue to step 3

3. Open an internet browser and navigate to <https://software.uconn.edu/pulse-secure-client-download/>
4. Select Windows and then choose the appropriate version and click I agree
5. Run the downloaded installer

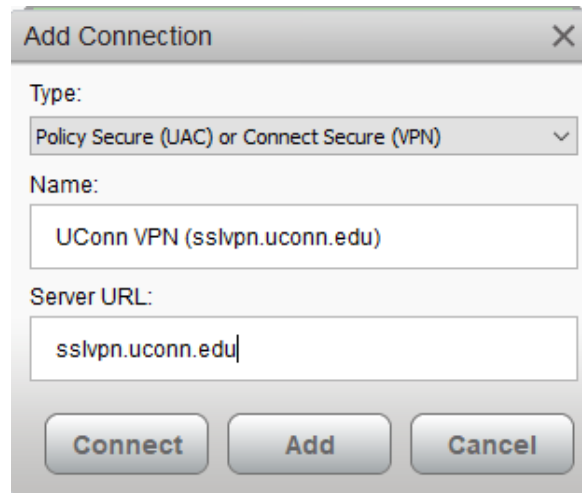

6. Launch the installed application (Pulse Secure)

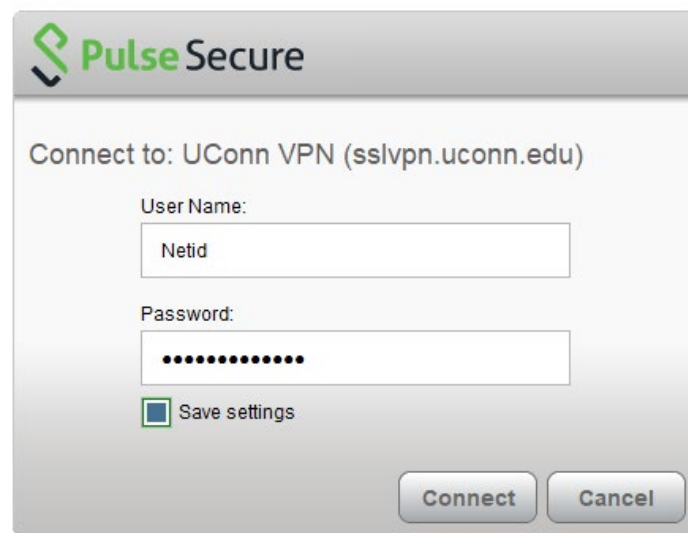

7. Click on the plus sign next to Connections.

8. Under Name, type in UConn VPN (sslvpn.uconn.edu). Under Server URL, type in sslvpn.uconn.edu and click Add, then click Connect.

9. At User Name and Password, type in your NetID and Password, then click the box for Save settings.

10. Type in your Netid and Password and click Connect.

Using a Network Drive Mapping Script

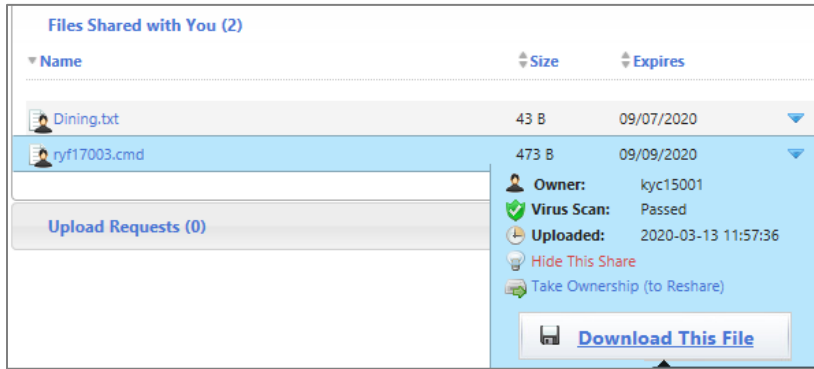

THIS ALLOWS STAFF TO MAP DRIVES

1. Submit a ticket to SAIT to have a drive mapping script created for you. Tickets can be created by emailing sait@uconn.edu, by calling 860-486-8992 or by going to <https://www.sait.uconn.edu/help>
2. Once your request has been processed, you'll receive an email from **filelocker.uconn.edu** that looks like this:

3. On your personal computer open this email and click the link provided. Enter your UConn NetID and password to log into Filelocker

4. Download the *netid.cmd* file that has been shared to you by clicking on the file and selecting Download This File:

5. Run *netid.cmd* to launch the drive mapping script
6. You will then be prompted for your SA domain credentials for each of the 5 drives that will be mapped.

Please enter your credentials in the **SA\NETID** format and press enter. Then input your SA computer password and press enter.

If successful, you will get a message: "The command completed successfully."

```
C:\WINDOWS\system32\cmd.exe
More help is available by typing NET HELPMSG 2250.

D:\>NET USE Q: "\\fscrg17.sa.uconn.edu\RedirectZ\ryf17003\Documents"
Enter the user name for 'fscrg17.sa.uconn.edu': sa\ryf17003
Enter the password for fscrg17.sa.uconn.edu:
The command completed successfully.

D:\>NET USE R: /d /y
The network connection could not be found.

More help is available by typing NET HELPMSG 2250.

D:\>NET USE R: "\\fscrg02.sa.uconn.edu\Information Technology Department"
Enter the user name for 'fscrg02.sa.uconn.edu': sa\ryf17003
Enter the password for fscrg02.sa.uconn.edu:
The command completed successfully.

D:\>NET USE P: /d /y
The network connection could not be found.

More help is available by typing NET HELPMSG 2250.

D:\>NET USE P: "\\fscrg01.sa.uconn.edu\Division of Student Affairs"
Enter the user name for 'fscrg01.sa.uconn.edu': sa\ryf17003
Enter the password for fscrg01.sa.uconn.edu:
```

7. The drives that will be mapped are:
- My Documents – Q:
 - Departmental – R:
 - Division of Student Affairs – P:
 - Interdepartmental – O:
 - Other Department – N:

For additional assistance, contact SAIT

Monday - Friday

8:00am - 5:00pm
